To Whom It May Concern

I am writing this recommendation letter for Amal Alotaibi, a graduate from Kuwait College of Science and Technology (KCST). During her time at our institution, Amal proved herself to be an excellent student, particularly excelling in computer engineering courses. With high performance across most subjects, Amal's academic record speaks about her capabilities and dedication.

Amal is a dedicated and well-mannered individual who consistently goes above and beyond in her academic pursuits. Her commitment to learning is evident in her willingness to explore engineering theoretical concepts and engage deeply with course material. She is highly regarded by both her peers and faculty members, demonstrating not only her academic capabilities but also her ability to collaborate effectively within a team.

Amal possesses a genuine passion for contributing to advancements in technology. Her enthusiasm for the field of computer engineering is outstanding, and she approaches challenges with a proactive and solution-oriented mindset. Whether in academic settings or professional environments, Amal has the potential to make significant contributions and excel in her chosen path.

Given her intellectual abilities, motivation, and exemplary character, I have no hesitation in recommending Amal Alotaibi for any academic or professional endeavor that values these qualities. I am confident that she will thrive in a graduate program and emerge as an asset to both academia and industry.

Please do not hesitate to contact me if you require any further information regarding Amal's qualifications or character.

Kind regards,

Dr. Ismaeel Al Ridhawi, *Ph.D, P.Eng, SMIEEE, MACM*
Associate Professor of Computer Engineering
Kuwait College of Science and Technology
